

Agency Checklists

AGENCY CHECKLISTS & SOPs

1. DISCOVERY CALL CHECKLIST

(Ask these questions during the first client meeting)

- * ☐ What is the core problem you are trying to solve with this app/website?
- * ☐ Who is the target audience (users)?
- * ☐ Do you have any reference websites or apps you like?
- * ☐ Do you have your brand assets ready (Logo, Colors, Fonts)?
- * ☐ Will you provide the text content, or do you need our agency to write it?
- * ☐ Are there any third-party tools to integrate? (e.g., Payment gateways, CRMs)
- * ☐ What is your expected launch date?
- * ☐ Who is the final decision-maker for design approvals?
- * ☐ What is the budget range for this project?

2. PROJECT DELIVERY & QA CHECKLIST

(Check these before showing the final project to the client)

- * ☐ UI is fully responsive (Tested on Desktop, Tablet, and Mobile).
- * ☐ All forms (Contact, Signup) are working and sending emails correctly.
- * ☐ All buttons and internal/external links are working.
- * ☐ No spelling mistakes or placeholder text (Lorem Ipsum) is left on the site.
- * ☐ Website loading speed is optimized (Images compressed).
- * ☐ Basic SEO metadata (Titles, Descriptions) is added.
- * ☐ 404 Error page is custom and working.
- * ☐ Cross-browser testing done (Chrome, Safari, Edge).

3. SOURCE CODE HANDOVER CHECKLIST

(Do this only AFTER the final payment is cleared)

- * [] Final payment received in the bank.
- * [] GitHub / GitLab repository link transferred or shared.
- * [] `README.md` file included with setup instructions.
- * [] Database schemas / structure documented.
- * [] All `.env` (Environment Variables) securely shared (Never committed to GitHub).
- * [] Domain and Hosting credentials handed over.
- * [] Admin Panel IDs and Passwords handed over.
- * [] Email confirmation sent to client stating project is officially closed.
